## Experience

### Real Estate Technician at Fabege

2022-∞

Real estate company with a focus on city development

I have worked as a property technician at Fabege since 2022.

I have had a strong focus on energy, technical systems, and maintenance of different types of technical systems.

### Manager at Webhallen

2019-2020

Swedish retail company

At Webhallen, I worked as a store manager.

Here, I focused on deliveries, finances, and personnel.

### RMA at Webhallen

2018-2019

Swedish retail company

In this role, I worked extensively with service.

This involved everything from receiving products, packing, and shipping them to their respective service workshops.

I also ensured quality assurance for smooth handling towards customers and workshops.

## Education

### AI-Developer

2023-∞

Jensens Yrkeshögskola

This was/is a two-year education where I learned a lot about programming, work progression, and working in groups on technical projects.

### Grunderna i AI

2023

Linköpingsuniversitet

Did a course in AI and its fundamentals at Linköpingsuniversitet.

### Cybersäkerhet - grunder och medvetenhet

2023

Linköpingsuniversitet

Did a course within Cybersecurity and the basics of it and awareness about it at Linköpingsuniversitet.

### Drifttekniker

2020-2022

Jensens Yrkeshögskola

I graduated year 2022 as a Real Estate Technician. This gave me knowledge about technical systems, property law, projectmanaging and much more to be able to handle a roll within the working life.
